

AIR HALO

COMPLETE AIR SANITISATION SOLUTION

Effectively Destroys Viruses, Bacteria & VOCS

100X
more effective than other
air sanitisation
technology such as UV

Utilize an intense plasma neutralisation field to rapidly shatter biological microbes & VOCs within, releasing no ions or plasma into your airspace keeping it cleaner than ever before.

Plascide®

Plasma Technology

Zap Germs Micro-Lightning Fast

Comprehensive line of air sanitiser solutions:

- Retrofit for HVAC services
- Sanctuary for professional protection
- Deskmate for room-size protection
- Portable for personal protection

Validated & Verified By Independent Laboratories

Certified by:

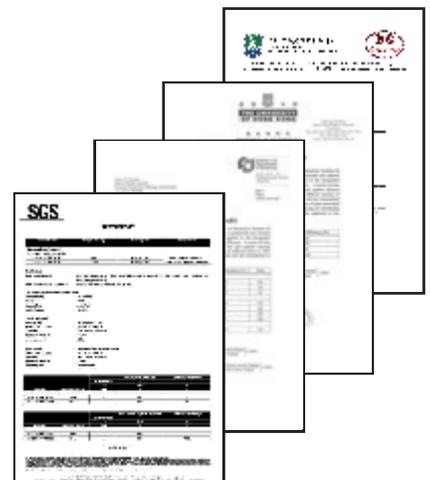

- Centers for Disease Control of China (CDC)
- Société Générale de Surveillance (SGS)

Tested against a range of microbes & pathogens such as:

- Influenza Virus (H3N2)
- "Drug resistant" Staphylococcus Aureus (MRSA)

Certified effectiveness against air contaminants:

- Volatile Organic Compounds > 72%
- Bacteria > 97%

A Vanguard of Indoor Air Quality A Decade of Research & Technology

A-OneTech Limited commit to provide clean and safe air through technological innovation for a healthier, quality living future. Our globally patented Plascide micro-lightning technology has achieved air sanitisation power unmatched by alternate technologies. For companies demanding a healthy environment to ensure minimal risk of cross-infection for them and their customers, Air Halo® Air Sanitisers powered by Plascide® can match and exceed their needs.

Proven & Tested Technology

- Higher disinfection efficacy independently tested by microbiologist at The University of Hong Kong & The City University of Hong Kong
- Product tested by SGS to be effective against airborne diseases & volatile organic compounds (VOC)
- Air sanitisation systems certified by CDC of China for use within hospitals & medical facilities

Awards

- "My Favourite Inventions for Quality Living Competition"
Organized by the Hong Kong Government (2005)
- "Hong Kong Eco-Products Award"
Organized by the Business Environment Council (2006)
- "Hong Kong Awards for Industries: Technological Achievement Award"
Organized by the Hong Kong Government (2007)
- 47th Geneva inventions "Gold Award"
International Exhibition of Inventions Geneva (2019)

Mr. Tsang, JP, Financial Secretary of Hong Kong presenting the Award
